- A. The Census Bureau reviews your report for omissions, inconsistencies, and unusual ratios. Incomplete and inaccurate answers will result in correspondence which is both costly and time consuming.
- B. If book records are not available, reasonably accurate estimates for most items are acceptable for the statistical purposes of this survey.
- C. A separate report is required from the operator for each underground mine, strip-bit, auger mine, culm bank, dredge, or separately operated preparation plant.
- D. Please complete and return this form in the envelope provided to the Jeffersonville Census Operations Office, Jeffersonville, Indiana. If filing by due date causes an undue burden, a request for extension should be directed to that office.

### E. PLEASE READ INSTRUCTIONS BEFORE COMPLETING REPORT
